Our Mission

1

To grow continuously in the field of Turned & Precision parts manufacturing with our continuous, rigorous hard work and ethical practice

2

Delight our customers with the help of continuous improvement in quality, service and cost.

**ESTABLISHED IN 2016 AS
A PARTNERSHIP FIRM**

**AT MIDC TARAPUR,
BOISAR, MUMBAI.**

**WE ARE LEADING
MANUFACTURERS OF
PRECISION AND TURNED
PARTS AND OTHER
ENGINEERING PRODUCTS**

ABOUT US

We are leading manufactures of precision and turned parts and other engineering products such as Automotive components and switchgear parts, VIP Automat Engineering is established in 2016 as a partnership firm, situated at MIDC TARAPUR, Boisar. Near Mumbai.

We believe in quality that's why our Products are highly demanded and well appreciated in market, Our professional qualities are dimensional accuracy, time bound delivery and quality of product. we have skilled and experienced manpower, who have very good experience of operation of automatic swiss type sliding head machines imported from Germany and Switzerland.

▶ WHY VIP AUTOMAT ENGINEERING

- ▶ Well trained and experienced staff to enhance productivity.
- ▶ Well equipped machinery for primary and secondary operations for well in time delivery.
- ▶ In house tooling and grinding facility.
- ▶ In house CAM designing facility.
- ▶ Committed for quality and time bound delivery of products.
- ▶ Quality checks is the priority before any delivery.
- ▶ In process and predispatch inspection is mandatory part of process.

▶ Our Valuable Customers

- ▶ Automobile Accessories Manufacturer
- ▶ Electrical Switchgear Manufacturer.
- ▶ Hydraulic Parts Manufacturer.
- ▶ Carburetors Jet Manufacturers.
- ▶ Precision Instrument Manufacturers.
- ▶ Fuel Injector Parts Manufacturers.

▶ Quality Objectives

- ▶ We shall strive for Total Customer Satisfaction by fulfilling our customer needs.
- ▶ Our commitment is to comply with Product Quality & Timely supply, Statutory & Regulatory Requirements.
- ▶ Towards this, we shall continually improve our Product, Process, and Effectiveness of Quality Management.

▶ Quality Policy

- ▶ On-time Product delivery to Customer.
- ▶ Reduce Customer Complaints.
- ▶ Reduce In-house Rework & Rejection.
- ▶ Increase Sales Turnover.
- ▶ Increase Customer Satisfaction Index.
- ▶ Training to all Employees.

INFRASTRUCTURE FACILITIES

Manufacturing Facility At our plant we have maintained Well equipped work shop. Our state of art technology is well known for its strength & potential in Automat industry.

We have got 10 Nos Swiss Type Sliding head machines imported from Switzerland and Germany.

In operation m/cs

- ▶ 3 nos Vertical Drilling machine.
- ▶ 5 no of Horizontal Drill machines
- ▶ 2 nos Tumbling machine.
- ▶ 3 nos Grinding machine.
- ▶ 5 nos Slotting machine.
- ▶ 2 nos Dryer.
- ▶ 1 no of Vibro deburring machines
- ▶ 1 no of lathe machine
- ▶ 1 no of tool & cutter machine (Agathon)
- ▶ 1 Schobline lathe machine

In house tool manufacturing & grinding facility available.

In house CAM designing and CAM cutting facility available
